**Abstract**  
**Effects, scenes, and maintain the rule of Islamic law**

**Nael Sarayreh**

**Mu'tah University, 2011**

Spoke of the Holy Quran to the concept of history and the importance of referring to him, called to consider the historical events of walking through the earth, and the effects and scenes are part of the history of nations and its achievements of civilization, so this study was to show what effects the viewer and the rule of preservation in light of the provisions of Islamic law and principles And norms and objectives.

This study has addressed the subject in a manner inductive approach and the descriptive analytical method, where subjects tended to extrapolate the study, description, analysis, and to cite evidence and discussion to reach a correct statement of the issues.

The main finding is that the effects are: "waste material as created by human hands in eras past" and that the keys are: "the place carries the impact of the owner is not be the subject of burying him, " and that the scholars have differed in the governance of the province and the establishment of build on it and correct it is permissible Maintenance and administration buildings to keep them according to Shariah.

The researcher recommends the maintenance of archaeological sites, Islamic and invested in definition of Islam and to highlight the cultural values in it.
